

CALPINO, CALPINO 2

Movable internal shutters allow flexible adjustment of the light angle upwards and downwards, creating indirect lighting on the wall.

Bewegliche, innenliegende Blenden ermöglichen die flexible Einstellung des Lichtwinkels nach oben und unten und erzeugen indirektes Licht an der Hauswand.

Des volets internes mobiles permettent un réglage flexible de l'angle de la lumière vers le haut et vers le bas, créant un éclairage indirect sur la facade.

97242 CALPINO
wall light; cast aluminium, anthracite
Wandleuchte; Aluguss, anthrazit
